PAYLESS FOR COLLEGE SEMINAR: Hosted by Shaun Kennard on Nov.18 at LCC. Learn how to plan to pay and pay less for college.

**connected students
integrated learning
bridged collaboration**

Google
CHROME
BOOKS drive

"I so appreciate having these Chrome Books. My senior seminar classes couldn't run without them!" They offer teachers and students convenience, flexibility, individualized instruction and portability.

*Jill Lax
LCC English Teacher*

Each of our 89 Google Chrome Book is used every minute of every day by students throughout campus. Principal Marcus and the LCC Foundation is looking to raise enough funds to purchase an additional 85 Chrome Books for use by second semester--enough for two English classes to use simultaneously. Each computer is \$350. Access to technology is instrumental to making our students college and career ready. This technology will impact every student on campus; from testing and college application submission to essay writing and note taking, the skills acquired through the use of technology will serve our students a lifetime. Please decide to play a role in helping to bring this needed access into each English class by contributing whatever amount you can.

Your purposeful donation today will reach the classrooms and be in our students' hands by February. Your gift will make an immediate impact. Donate online <http://lcchsfoundation.org/chrome-book-drive-2/>

Track our way to reaching our goal at the foundation website and on the board at the office. Make a gift today to reach the goal and improve the opportunities for our students. *Your gift to the Foundation may be tax-exempt.*
